Privacy statement

Siemens is convinced that protecting privacy is of great importance to you and to us. That is why our systems and programs are adequately secured. We have controls in place to keep information accurate, current, and complete and to prevent unauthorized persons inside and outside our organization from accessing your personal data. Want to know more? View our privacy policy [here](#).

Processing of personal data

Are you participating in this research? We appreciate that! We record your data in our system. We use your data for research and to keep you informed with news about our services.

Would you rather not?

Then you can let us know via:

joeri.wouters@siemens.com.
